This 4th Issue  
issue!

Calling all Property and vacation companies .Please help us to get the best possible deals for EU and UK residents share your deals in our newsletters and on our site . Everyone please write about your experiences and get your articles in our newsletters

MY TOP TIP as always ..

Always use fully licensed people where ever you want to invest.

My own study and license status has saved me \$1000s and I hate the simple fact that UK and EU companies only make money by taking money directly from any Investor . Licensed people get paid legally only after closing. You also see how much they make exactly. Know your rights, know your agent. TRUST is the key.

As the property is so far away it is important to know exactly what you are dealing with. The fact remains that a lot of UK and EU investors are buying holiday villas. ITS OF THE UTMOST IMPORTANCE TO GET THE BEST DEAL FOR YOU AND YOUR FAMILY

This is the 4th magazine.

This PDF magazine will evolve into an online mag to start with and will be made up of just a few pages. It is hoped that others will be contributing ideas, articles, and pictures to our online mag and that eventually the online issue will one day be on the top shelf of the newsagents.

Thank you for your time and I look forward to working with as many positive people as possible to see this online pdf mag develop.

As always, the very best regards

Owen Dale

## **Project :-WITH US or AGAINST US USALocations.com.**

The project is simple and the aim is to make sure that everyone that wants to invest into the USA gets the best possible advice and more importantly the very best deal for themselves. No properly licensed person will lose anything but will actually gain. The more trusted we all become, the more business we will gain. It's very annoying to find out you did not get the best deal or that certain people made easy money from your hard-earned cash. The horror stories told to me at UK property investment shows have really made me think and from a position of almost walking away from my idea of USALocations, I have now started to be more active and now I am being contacted by people wanting to buy and sell in the USA. The big question is to every USA realtor: Do you want to grow with our flow and assist USALocations be the ideal and best way of helping any UK and EU person invest into the USA without the need to pay out to UK-based referrers.
