**“WAKE UP FFS UK based Investors
Why over pay from in the UK for
Property in the USA”**

The car above I am selling for only \$2500 no guarantee and no trial drive at all. Its a fantastic untrue deal only available via our exclusive network of ordinary people . This may all sound like a comedy sketch but imagine paying 10 times more for a property that is available direct from licensed regulated and guaranteed fully qualified real estate person for \$10000 less than the UK expert is listing it for . Untrue unreal but today this is the shocking startling reality of investing into the USA using UK based self proclaimed experts , that sadly win awards from a uk based Property professional organisation for apparently their openness and honesty .. ARE THEY TAKING THE PISS. NO they are not just MORE of your hard earned cash...
