

Thank you "Walter Howard"

I first met the mayor of Owendale during March 2007 and was invited to stay in his own home for a few days during my return visit in 2008 . He was very proud of his own town and I was taken a back by how much the town filled him with pride . He was full of facts and even shared quite a lot of history about the town and introduced me to the towns people . I stopped in the town for a few nights during 2008 and took in a few beers in the bar . Walter even came to the speedway meeting with myself and his grandson. My final visit to Owendale saw me stay at a small town a few miles away Sebeweing and my last meeting with Walter I promised a book and a collection of pictures , sadly walter Passed away recently and will not see my collection of memories about his favourite town. I have a lot to thank walter for and I hope his family will enjoy my memories of a really proud man and take it from me it was an absolute pleasure and an honour to meet him.

OwenDale meets Walter Howard March 2007..

Extraordinarily motivational , NO not me but the mayor of Owendale Walter Howard . He just could not believe that some one from the UK would travel all the way to visit his name sake town . He made my long trip very very worthwhile and I can genuinely and in all honesty say it was a pleasure to talk about Owendale with Walter his enthusiasm and sheer pride for his home town was clear to see. I did try to tempt him over to England but it was not to be . I do however have very fond memories of meeting Walter and his family which I will very fondly share in a book about my trips to Owendale. I hope Walters family will enjoy my memories and perhaps one day visit yours truly Owen Dale in the UK.
